

Safety engineers may come and go, but the home-grown electrician is always with us. It was Eugene Lunsford who, the other day, rigged up a fine three-way switch and then dined near electrocuted himself. After he pulled himself together, he traded the switch in on a screw driver. Even that, sir, can be a lethal weapon.

It's a pleasant sight to see Olive Fowler back behind the bars again. The Postoffice window bars, that is.

A likeness of the Stadshuset med Vasterbron (and very pretty too) is imprinted on the front of a postal from Florence Wilhelmi saying that Stockholm is grand and she is forced to converse in Swedish with her relatives.

From there she goes to Copenhagen, then Oslo, and then the flight home in time for September 15 school opening when she will be forced to converse in some one-syllable English as the small fry line up for all manner of unanswerables.

PORTRAIT OF A PUBLIC OFFICIAL

HIS HONOR, THE MAYOR—J. Milton Steinberger, who heads the City Council and many of the city's activities, was caught in a musing mood by the expert brush of Alfred James Dewey, dean of Sierra Madre artists.

The oil portrait hangs currently in the exhibition in the Council Chambers of the City Hall, sponsored by the Arts Guild.

Local Changeover To 60 Cycles Due About March '48

Climaxing many months of planning, the changeover of the Southern California Edison Company's 50-cycle system to a uniform 60 cycles is rapidly becoming a reality, with Sierra Madre scheduled to be changed about March, 1948, according to a statement by L. E. Jenkins, district manager. The frequency program

got under way last September when Santa Barbara was changed over; other communities have been changed over at a steady pace since then.

Although the rest of the world generally has standardized at 50 cycles, the United States has gradually tended toward the use of 60 cycles, until in recent years only the Edison territory remained a 50-cycle area. It is apparent that Edison customers will benefit from using the same uniform current that is used in the rest of the nation, but until now it has been inadvisable for the change to be made.

Among the advantages of using 60-cycle current will be the ability of residents here to enjoy the various frequency-sensitive items such as record players.

Lt. Col. Allen Will Join Local Bank

Lt. Col. David H. Allen, native Sierra Madrean, will be affiliated with the Bank of Sierra Madre following a two-month Eastern vacation which he set out on after his August 8 separation from the service.

Col. Allen, who was with the First Trust and Savings Bank of Pasadena prior to entering the service, has put in six years of Army service, four of which were spent in the Pacific Theater.

He reported to Camp Stone-man, Calif., in 1946 and during his stay at the Post served as Chief of Personnel Section, Post Executive Officer, Commanding Officer of Overseas Replacement Depot and Executive Officer of Transient Troop Activities.

D. H. LEWIS RITES AT 2 P. M. TODAY IN GRANT CHAPEL

Daniel Haydn Lewis, a resident of Sierra Madre for 20 years, passed away on August 12 at St. Luke's Hospital after a brief illness.

Mr. Lewis was born in Lansford, Pennsylvania and attended Williams College. He was employed as Assistant Business Manager by the City of Sierra Madre for 11 years, was a member of the Masonic Lodge, of the Veterans of Foreign Wars and the American Legion.

He is survived by his wife, Anne and daughter, Janet of 664 W. Orange Grove Avenue; two brothers, William P. and Thomas, of Allentown, Pennsylvania.

Funeral services will be held at Grant Chapel at 2 P. M. today, August 14th. Friends are requested to omit flowers. Interment will be private at Mount View.

Zone Change Petition Expires

The zone change petition of the Passionist Fathers asking establishment of an "institutional" zone for the Monastery acreage expired last week, 90 days after the petition was submitted.

According to City Attorney Thomas A. Reynolds, any further action by the Passionist Order would have to be based on another original petition or an application for a variance from the Planning Commission.

The Planning Commission had voted 4 to 3 in favor of recommending the zone change, but after a public hearing, the City Council deadlocked the issue with a 2 to 2 vote. Since the 90 day period elapsed without any break in the deadlock, the petition automatically expired.

Sentence On Fire Hazard Deferred

Sentencing of Mrs. C. W. Gerber, 657 Woodland Drive, on charges of maintaining a fire hazard on her property was deferred by Judge Eaton until Saturday at 10 a. m. in City Court.

Mrs. Gerber pled guilty to charges on a complaint signed by Fire Control Agent Tom Henderson, but argued that she had not fully understood basis for the complaint. She said that a water heater, which had been declared dangerous, had been changed and claimed that combustible material near the house was due to remodeling operations.

Mr. Henderson testified that combustible material, leaves and trash were on the house porch, establishing a fire hazard in the canyon area in which fire ordinances are strictly enforced.

Judge Eaton deferred sentence until he had observed the property.

HEY, KIDS— PLAY DAY AUGUST 30

A Play Day for Sierra Madre youth, ranging from small fry to teen-agers, is scheduled for August 30 and is to be under the sponsorship of the Recreation Commission.

Sam McElfresh, director, predicts bike races and skating races for all ages and other assorted activities during the day. Further information will be given as the program develops—meanwhile, kids, mark it on your calendar.

City's Health Record Still Excellent

Sierra Madre and the remainder of the Monrovia Health District are free of poliomyelitis and scarlet fever, according to District health authorities.

However, with whooping cough continuing on a high level throughout the summer months Dr. Bert G. Gribble, health officer, is urging that vaccinations against this disease be obtained for children under six years of age before they start school this fall.

If immunization is given and completed before the infant is six months old, a booster dose should be administered at the end of the first year and again every two to three years until the child is about six years old, the Health Officer pointed out.

If there has been a definite contact with the disease after the child has been originally immunized, a booster dose should be given immediately.

DELINQUENT DOG OWNERS DUE FINE

Dog licenses, which fell due July 1, will have a penalty of \$2 attached to them after October 1, according to Police Chief Gordon McMillan.

Persons who have stayed around the house waiting for the police to come and collect will be disappointed to learn that no collections are anticipated until AFTER the October deadline and the \$2.00 fine for delinquency have arrived.

Sierra Madre Men on Two Fire Fronts

Twelve Sierra Madre men, members of the Forest Fire Control Service, were active on the devastating Big Tujunga fire and another large group from here put in 100 grim hours fighting the Palomar blaze to the south, according to Marion Gotcher, Service representative.

An almost tragic note, however, was nearly appended to Sierra Madre's participation when four local boys set out to do their part toward fighting the neighboring fire.

Jack Switzer, Victor Morgan, Johnny Graham and Ronald Martinette went up to Doss Creek Camp and enlisted last Wednesday night. In a group of 26 fighters they were headed by truck for the fire line when the truck, out of control, careened over a cliff near Iron Mountain.

One man was killed and young Martinette was brought back down by ambulance. The remainder were brought down by trucks and given treatment.

With the Tujunga fire controlled, Sierra Madre women members of the Forest Service Auxiliary, headed by Mrs. Tom Henderson, have gone to work cleaning fire fighting equipment at the warehouses in the Arcadia headquarters. During and after all nearby fires, Auxiliary members offer their services where needed.

Jury Trial Set For August 25

A jury trial has been set tentatively for August 25 in City Court to hear the case of Mrs. Anna Black, 225 North Lima, on charges of disturbing the peace.

Mrs. Black, represented by Attorney Kenneth Kearney, appeared before Judge Eaton Tuesday to enter a plea of "not guilty" to charges borne in a complaint signed by Laurestine Bolan of the same address.

T. O. Morrow Resigns From School Staff

T. O. Morrow, former Seventh grade teacher and basketball coach at Sierra Madre School will not return to the teaching staff this fall, it was learned today from School Board Clerk Mrs. Henrietta Hinkley.

In the absence of Supt. Charles A. Skutt, Mrs. Hinkley is interviewing applicants for the post until Monday at her residence, 463 Ramona Avenue. Supt. Skutt returns Monday from his vacation and will continue interviews if the position is not filled.

Mr. Morrow leaves for a new position at Covina High School where he will teach Spanish and coach athletics, according to Mrs. Hinkley.

Cypress Court Recent Sale Announced

The sale of Cypress Court and area immediately adjoining it along Churchill Road and Sturtevant Drive was completed this week when Mrs. Sally Osgood, Planning Commission member, and her son John H. Osgood, realtor, took ownership.

The Court, which has 15 rental houses on it, was purchased from Mrs. Lillian Smith. Quit claims to 18 lots which had been advertised as a portion of the recent tax sale, were purchased from Kathleen Lockhart Manning, Mr. Osgood said, and redeemed Friday through the County Tax Collector's office.

The Osgoods' entire purchase equals about 3 acres. The old ranch property and house, reported to be the oldest house in Sierra Madre, will be retained by Mrs. Smith, Mr. Osgood said.

OHIO STATE TO MEET

Ohio State Societies will meet for an all day picnic reunion Sunday, August 24, in Sycamore Grove Park, Los Angeles.

In The Court of Good Citizenship

Guilty:

A careless minority of the citizens of Sierra Madre

Charged with:

Maintaining a public dump along the western approach to the city limits.

Sentence:

To live in constant danger of fire incurred through civic sloppiness unparalleled in the area.

The above charges are founded in the splinters of thousands of broken bottles, piles of combustible trash and rotted garbage that sprawl on either side of Sierra Madre Boulevard from Michillinda to Sierra Madre Villa Avenue—our front door.

The seriousness of the charges is found, not only in the squalor which is produced, but the black outlines of small fires along the wayside which have flared up but, luckily for us, been extinguished.

In an effort to alter an unhealthy situation, the NEWS contacted officials of the Pacific Electric Company which owns an approximate 50 foot right of way along the tracks beside the Boulevard.

In the best spirit of co-operation, they agreed to clean up the dumped rubbish for which they are not responsible. They are doing so.

The south side of the road is in Pasadena. City Engineer John H. Allin stated last week that he was fully aware that the stretch was both an eyesore and a potential powder-keg; that he has communicated with the property owners in hopes of working out a solution; and that Pasadena would take steps to enforce no-dumping ordinances.

Enforcement is Pasadena's job—clean-up is the Pacific Electric's self-appointed task—both efforts only alter the effect—the cause remains.

It is an even bet that most of the unsightly trash is dumped by thoughtless Sierra Madreans. It is they who are charged with guilt.

May it rest on their consciences—and more practically, may they all be arrested and prosecuted under the laws of the State of California.

Budget Discussion To Be Scheduled Next Tuesday

In a regular Town Meeting during which audience participation provided much of the interest, the City Council Tuesday night accepted a bid from General Electric of \$2149 for a portion of the two-way police radio and adjourned until next Tuesday at 8 p. m. for first reading of the 1947-48 budget.

On specifications of Chief of Police Gordon McMillan and David Sheriff, the Council studied the single bid from G. E. and accepted a portion of it. Other parts of the installation, which has been due for a year, will be advertised for bids at a later date. Monies for the radio were set aside under last year's budget, the Council pointed out.

City Attorney Thomas Reynolds asked and was given authority to obtain prices on a census-taking for Sierra Madre. This would be done, he said, to determine possible population increase to allow for a boost in gas tax funds for street repairing.

He also advised the Council that the water suit, developing out of the recent change in the Pasadena Adjudication of 1943 which allocates water in the area, would be heard between October 6 and 10. He was granted permission to record the hearing, although he said he

did not believe the City would argue the case.

An ordinance requiring licensing of bicycles to facilitate identification in loss or theft, was submitted by Chief McMillan and referred to City Attorney Reynolds.

A letter from D. M. Gilmore of the Sierra Madre Taxi Co. objected to the recent application of the Wistaria Cab Co. for a taxi stand on the west side of Baldwin, pointing out that the former company paid rental to the Pacific Electric for its stand closely adjoining the proposed free stand. The letter was referred to the Police Chief for a report at the next meeting.

No definite action was taken on requests of the Civic Club, the Nazarene Church and the Recreation Commission for set dates for use of the Park House. The Commission was instructed to continue in its current schedule until final arrangements could be established with J. C. Lauber, Park superintendent.

Approval was granted a request of Paul Carter's on behalf of the Boy Scout organization, asking that a permanent camp for Scouts be established at Orchard camp. He said its use would be limited to Fall and Winter months and presented a recommendation from Angeles Forest Chief Bill Mendenhall.

News Stand Is Sold To Miss Jerome

The Sierra Madre News Stand changed hands Monday when Mr. and Mrs. Ed Burgess completed sale to Miss Cordelia Jerome, cousin of Mrs. Burgess and a North Auburn street resident.

Miss Jerome, formerly assistant manager of a large chain drug store in South Pasadena, plans enlargement of the News Stand's facilities and already has installed two full time cooks and a cashier.

DOGS' BITES PROVE WORSE THAN BARKS

Their day might be here, but the dogs were not very happy about it as testified by police reports of two dog bites during the week.

Mrs. John Teulon of 26 West Laurel was bitten on the finger Saturday when she attempted to separate two fighting dogs. Dr. Nathan Jacobs treated the wound and the Health Dept. was notified.

On Monday Donna Middlehurst, 3 years old, of 92 Suffolk, was bitten on the lids of her right eye as she attempted to take a bone from a dog belonging to M. A. Woodward of 99 Suffolk. Dr. Philip Woodward treated the wound and likewise notified the Health Department.

1400 Elks Gather To Honor Chief

One of the biggest events in San Gabriel Valley Elksdom was Saturday night's barbecue dinner held at the Monrovia Temple honoring Exalted Ruler Fay Lewis of Whittier.

A large delegation of Sierra Madre members helped make up the throng who initiated the newly-built patio which accommodates 8 barbecue pits. According to glowing report, over 1400 steaks were cut, aged and consumed at the huge stag event.

Sierra Madre contributes a large membership to the foothill Temple; Councilman John A. Froehlich and Fred Kinkle are trustees, and Norman O. Nelson is a member of the Inner Guard.

SPEEDING FINES LEVIED IN TUESDAY'S COURT

In Tuesday's City Court session John Langden, 785 Skyland Drive, and John Masters, 765 Michigan Ave., Pasadena, paid fines of \$35 and \$25 respectively for traffic citations charging speeding at approximately 50 miles per hour in a 25 mile zone and failure to make a boulevard stop.

According to police testimony the two were arrested as Masters followed Langden to the latter's home, each driving a pick-up. Mr. Masters also was cited for driving with an expired driver's license.

LT. COMDR. WRIGHT RETURNS TO TEMPORARY DUTY

Lt. Comdr. Robert E. Wright, USNR, of 540 West Alegria, has been ordered to temporary active duty starting tomorrow at U. S. Navy Ship Yards at Terminal Island.

Comdr. Wright spent three and a half years in the Navy during the past war, nearly two years of which he was stationed at Terminal Island.

On inactive duty since last November, he is a member of the Pasadena area group of Engineer Officers of the Bureau of Ships and, as such, subject to an annual call for temporary active duty.

State Boosts Pub. Utility Assessments

Public utility property values in excess of \$1,200,000,000 will be added to the local tax rolls throughout California as a result of assessments made this week by the State Board of Equalization. Subject to the same tax rates as property valued by local assessors, the State-assessed property will yield current city, county, and district revenues of nearly \$60,000,000.

In Los Angeles County tangible property assessed by the State Board of Equalization last year and this year compares as follows: 1946, \$293,444,360; 1947, \$320,245,890.

Board chairman, William G. Bonelli of Los Angeles, and board members, George R. Reilly of San Francisco, James H. Quinn of Oakland, Jerrold L. Seawell of Roseville, and Thomas H. Kuchel, State Controller and ex-officio board member, will be in session to equalize any of these assessments until August 18, when the rolls will be certified to the county auditors for computation of taxes to be paid locally.

LIONS LOSE; LORNE LIMPS

Due to the fact that Publicity Chairman Lorne Pratt is home in bed recovering from a Sunday job of cleaning the garage, there is practically no news of Lions activities.

It isn't as bad as it sounds, however, for Lorne did get out "The Mountain Lion", official news bulletin of the club and the second edition of a very creditable publication.

You're welcome!

INSURANCE ASSESSMENTS SET NEW HIGH

Assessments of insurance company taxes in 1947 in California again set an all time high, exceeding the 1946 record total by more than 2½ million dollars. The 1947 total assessment levied against 606 companies writing policies in this state during the preceding calendar year amounted to \$17,305,221.68.

Girl Scouts Search For Ship Space

Wanted—a room 20 by 30 feet, in a basement or even an attic—by 20 teen age Girl Scouts who are organizing a Mariner ship.

Hoping to launch the "vessel" by the end of September, the girls are handicapped by lack of a meeting place.

Mariners are a special division of Senior Scouting, emphasizing nautical activities corresponding to the Sea Scouts in Boy Scouting, and necessitating passage of strict health and swimming requirements.

Organized June 24, the girls have named their ship the "Sea Nymph" after an early British sloop that defended the American coast from pirates in the 1800's.

Officers are as follows: Chief Bos'n, Sally Latson; Bos'n of Starboard Watch, Sally O'Donnell; Coxswain, Sue Marmion; Bos'n of Port Watch, Marilyn Iffrig; Coxswain, Darlene Bennett; Super Cargo (treasurer) Reba Goldfen; Yeoman, Mary Lou Polgreen; Shantymen, Susie Griffin; Ship Hostess, Jean Meeder; Side Boys, Joyce Thompson and Jean Polgreen.

LETTERS TO EDITOR

Editor,
Sierra Madre News.
I wonder if the many other residents of Sierra Madre view with disgust as I the dirty unkempt condition of West Sierra Madre Boulevard paralleling the Hastings Ranch.

What an impression this eyesore must make on visitors approaching Sierra Madre from the West, not to say anything of the permanent residents who travel this boulevard morning and night!

First to be sighted along this boulevard is a rapidly growing dump heap on the Hastings Ranch which the developers seemingly permit without any restriction. Then, on the left of the boulevard along the Pacific Electric tracks from Villa to Michillinda can be observed thousands of bottles of every known description, not to mention discarded tin cans, buckets, sacks and debris, of all kinds.

The Hastings Ranch property, itself, fronting Sierra Madre Blvd. and Michillinda Blvd. is certainly open to criticism. Not only does the front of this ranch property need immediate attention such as disking or plowing, but it needs a general cleaning up so that no longer will it serve as a catch-all for all kinds of debris which people jettison from their cars as they pass along this boulevard. Additionally, the weeds and grass which have been permitted to accumulate on this property for two or three years without attention presents a serious fire hazard, particularly to those of us living along Michillinda Blvd. Already three fires have started on this property and it would be very easy for a fire to get out of control once it is fairly under way.

I have called this condition to the attention of the developers of this tract on two occasions and why the Fire Departments of the Cities of Pasadena and county permit such a condition to exist is beyond my comprehension.

I should like very much to serve on a committee with other residents of Sierra Madre who feel as I do about this condition so that an earnest endeavor might be made to clean up this unsightly condition and furthermore take the necessary steps to prevent a serious conflagration which can be caused in a few minutes.

It is inconceivable that the people of Sierra Madre will permit this condition to go unchallenged much longer.

Max G. Linder,

Fish Tales At Kiwanis Luncheon

A. C. Monell, Past President of the Altadena club, was the speaker at the Kiwanis club meeting Tuesday, telling of a recent vacation trip on a tramp steamer to Acapulco, Mexico, for deep sea fishing; showing colored movies of interesting places in Mexico and particularly of the fishing, definite proof of the truth of his stories.

He caught 28 big fish in 10 days of fishing, his biggest day bringing a net total of four sailfish and a shark. The first day out he caught two marlin and a sailfish, with a total weight of over 500 pounds.

Local guests of the club were Councilman Don Jackson, Lt. Col. W. D. Thurber, Rev. Clarence R. Nida and Commander Herman Barter.

"Happy Birthday to You" was sung to the accompaniment of dollar bills, for P. R. Penn and Dr. P. R. Woodworth.

R. R. Hartman was elected to fill a vacancy on the Board of Directors.

The club will hold a Ladies' Night at the Youth Hut on the evening of August 27th, with a barbecue in charge of Dr. Milton Vabois and program in charge of Dr. Daniel D'Arcy.

POLICE BLOTTER

Bill Chunn and Jack Rhodes, our youngest (and possibly the handsomest) seem to have an allure for "suspicious cars". They receive most calls of this sort. Recently these beautiful boys rushed to a location only to find the car was being used for "necking". . . . Dangerous "fuzzes", used for railroad signaling, were thrown from a speeding car near the British Old Peoples Home. . . . Articles missing from home after workman left. . . . Using the neighbors' property to place papers, etc., for the rubbish collector was not appreciated by the neighbor. (That wouldn't be so good at that.) . . . Two racing cars had raced away before the arrival of the cops. . . . A strong complaint from the neighborhood of the burning dump came in last week.

Dog at large. (Wonder if it was a large dog.) . . . Injured cat. . . . Stray dog. . . . While Mr. Hill climbed the hill near Eaton Wash, he lost a six foot stepladder. It was painted gray, so if found he would appreciate a notification so that he can get it for his little gar home on the hill. . . . Two boys with strong mirrors, flash them into the eyes of drivers. This happened in Altadena. Our boys relayed the message to the Sheriff's Office. . . . When Mrs. General Edward Young undertook to operate the chlorinator of their swimming pool, she was forced from the room and narrowly escaped asphyxiation. The cops were called and with one of the gas masks of the fire department, Jim Heasley entered the room and turned off the escaping gas. He's still coughing.

Rhodes again is called to investigate a suspicious car and it again proves to be "neckers". . . . Barking dog is put in pound. (Ben Mobly at the water plant said that the dog is still barking.) . . . "Smoke" turned out to be "haze" or perhaps some of Los Angeles' "Smog". . . . "Burning out of hours". A new family not acquainted with the rules. . . . Bad checks being passed. Merchants be alert. . . . Car across the sidewalk. A resident of many years could not see any violation in such an act. . . . Injured boy brot in from the mountains. Dr. Jacobs responded to call. . . . Rhodes found dog tracks when he answered a prowler call. (Could have been a wolf.) . . . At about 10 p. m. on August 8, 1930, Officers Harry Peterson and Gordon McMillan arrested four men for having in their possession, beer. This was prohibitive. Remember?

On August 10th of the same year, Harlan Gerlach received a call that a man had gone down to get a haircut and failed to return. The man had with him an insurance check for

Temple City Budget Boost OK'd by Board

A preliminary school budget totalling \$209,843 was unanimously accepted by Temple City's school board last week. Funds for building of future additions are provided by the new budget which brings an increase of \$82,325 over the previous year. Building funds are cared for by an additional district-voted levy of 30 cents per \$100 assessed valuation. This additional levy was assessed in 1945 and 1946 but was not collected in 1947 as a result of a plea for tax relief by the Temple City Taxpayers Association.

FUTURE FARMERS FEATURE OF FAIR

A year of hard work and loving care on the part of California's young farmers will be rewarded when the Future Farmers of America and 4-H clubs parade their entries at the California State Fair in Sacramento, August 28 through September 7. The junior farmers have their own exhibit area at the state fair, complete with exhibit buildings, barns, judging rings, dormitories and restaurant.

DEEP-SEA DIVER

Theodore Roosevelt was the first United States President to go below the surface of the sea in a U. S. Navy submarine.

\$16.00. (Even in these days, that amount would buy 16 haircuts.) . . . Bill Richards, Guy Scott and Bob Newbery went up the mountains to pick up a man who was "over the side of the hill". They found he was worse than that. He was under the influence. And in Prohibition days too. . . . Two auto accidents in one week back in August 1930. . . . Paul Rice and Ed Bayard left for Phoenix and are reported missing. This was also in August 1930. . . . Before August of 1930 ended, the boys had two more auto accidents, and two more drunks to contend with. Life moves on . . .

Capt. Reavis Returns To Active Duty

Capt. H. C. Reavis, Jr., of 551 Sturtevant Drive, has reported for two weeks active duty on-the-job training at the Long Beach Army Air Field. He is attached to the 416th Army Air Force Base Unit (Reserve Training).

During the war, Capt. Reavis, who is the son of Mr. and Mrs. H. C. Reavis of Sierra Madre, served as an Operations Officer with the 9th Air Force in the European Theater and has over 1500 hours flying time to his credit.

60 CYCLES

(Continued from Page 1)

ers, timers and automatic washing machines now being produced in increasing quantities for 60-cycle use. Not only are 50-cycle devices becoming increasingly difficult to find, but because of their limited production they usually cost more than similar 60-cycle devices.

It has been estimated that Edison customers will save hundreds of thousands of dollars a year as a result of the frequency change program, due to the growing difference in cost between 50-cycle and 60-cycle equipment. The troublesome matter of having frequency-sensitive equipment cycle-changed when moving in or out of Edison territory will be eliminated, too, and dealers and service firms will be able to render better service because of the greater ease in obtaining replacement parts for 60-cycle equipment.

In each locality, Edison first determines what changes are required in its customers' equipment and then arrange for the necessary adjustments to be made at Edison's expense. Some adjustments in business and professional equipment are made well in advance of the actual change of current, but changes necessary in domestic equipment are made within a few days before or after the current is changed.

The nationally-known contracting firm of Bechtel Corporation has been engaged by Edison to survey and adapt commercial and industrial equipment here and elsewhere

in Edison's system, and will call on some firms several months in advance of the change in frequency in order to arrange for delivery of necessary adjustment parts.

Owners of deep-well turbine pumps will be contacted far in advance of the change in frequency in order that arrangements may be made for pump conversions either by the Edison Company or by the owner, if desired.

Residences here will be visited by Edison representatives a few days before the current is changed. Appliances found to require adjustment will be tagged for the information of the householder and for the guidance of the workmen who will follow later to make the actual adjustments in the homes.

Most appliances, however will require no adjustment since the majority of 50-cycle appliances now in use will operate satisfactorily on 60-cycle current without change. Exceptions are automatic and spinner-type washing machines, record players, clocks, timing devices, some types of home workshop equipment and devices that are time-controlled by synchronous motors.

To accomplish the change, Edison established a separate department in July, 1945 and now has more than 600 employees working on the project, in addition to about 1000 employees of the contractors it has engaged.

About 700,000 Edison customers will benefit from the change in frequency. Since these customers are located in the immense territory served by Edi-

son within the area roughly bounded by Santa Barbara, Tehachapi, Redlands, Laguna Beach, Long Beach and Santa Monica, the program is a tremendous undertaking. Even though the program has moved steadily from one area to another since September, 1946, it will be October, 1948 before the last customers are changed over to 60-cycle current.

NEW DAY SCHOOL OPENING AT ASCENSION CHURCH

Announcement has just been made by Father Harley G. Smith, rector of Church of the Ascension, of the September 15 opening of a Christian Day School to be operated by the parish.

The school will comprise the first four grades for the first year of operation and will utilize certain portions of the parish house. The expansion program, however, calls for the addition of at least one grade each year until all eight grammar grades are established.

Mrs. Helen Elliott, B. A., of San Diego, has been engaged as principal and Miss Ruth Berrien, M. A., as teacher.

Both have had considerable experience in teaching primary grades in public and religious schools.

Educational and recreational equipment installments as well as lighting and sanitation improvements are now under way. According to Fr. Smith, quite a number of pupils have already been registered and applications for enrollment are now being considered in the order as they are received. Registration dates will be August 25, 26 and 27 from 9:00 A. M. until 12:00 noon, in the parish house, corner of North Baldwin and Laurel Avenue.

Among pre-nuptial events is a miscellaneous shower planned for August 13 to be held in Pasadena at the home of Mrs. Robert Alan.

BROWNLEE-ERB MARRIAGE VOWS READ AT CHAPEL OF ROSES IN PASADENA TUESDAY

The wedding of Helen Anne Erb, daughter of Mr. and Mrs. Irwin H. Erb of 677 Brookside Lane, and Robert Wallace Brownlee took place at the Chapel of Roses in Pasadena on August 5.

Following a reception for 150 guests in the chapel lounge, the couple left for Palatine, Ill., where they will make their home.

The bride, who had five attendants, was gown in ivory slipper satin. A beaded headpiece held her fingertip veil and she carried a bouquet of white orchids. She was given in marriage by her father.

Among the out-of-town guests present were the bride's grandmother, Mrs. Ellen Stensrud; an aunt, Miss Blanche Stensrud, and Miss Larsen, all of Lake Mills, La.; the parents of the groom, Mr. and Mrs. J. Brownlee of Portland, Oregon; and Albert Christianson of Spokane, Wash., who served as best man.

The new Mrs. Brownlee is a graduate of Pasadena City College and both she and her husband are graduates of Whitworth College in Spokane. He served four years with the Navy during the war.

NINE LOCAL SCOUTS RETURN FROM CAMP AT CATALINA ISLAND

Nine Sierra Madre Boy Scouts are home following a ten-day stay at Camp Cherry Valley on Catalina Island. Among the 109 boys attending the Pasadena-San Gabriel Valley Council were:

From Troop 2—Dick and Mahlon Kinney, Allen Estes, Tommie Webster, James Hill and Scoutmaster Bill Newbery; Troop 4—John Marmion, Pat Canady, Bruce Archibald and Paul Carson. Dick Davey, Troop 4, also was a camper but during a different ten-day period.

The boys were enthusiastic in their report of the activities, which included water and land sports, handicraft and the earning of Scout merits.

Troop 6 Girl Scouts Give Party For The Very Young Set

Girl Scouts of Troop 6, who are working for their Child Care Badge under the leadership of Mrs. John Conzelman, gave a party Tuesday for very young guests. Games were played, luncheon served and each youngster sent home with a hand-made toy.

The troop has been having regular meetings through the summer, devoting afternoon sessions to working towards the Clothing Badge under the direction of Mrs. R. C. Cavalier, Mrs. P. W. Kreuscher and Mrs. C. H. Gerke.

Troop membership includes Betty Kreuscher, Joanne Cavalier, Gretchen Conzelman, Ruth Gerke, Janet Timmons, Nancy Morgan, Elva Pickett and Marilyn Nollac.

ATTEND SON'S WEDDING AT ABERDEEN, IDAHO

Mr. and Mrs. A. C. Brown of 60 W. Laurel with their son and wife, Mr. and Mrs. David Brown of 113 Carter Ave., are in Aberdeen, Idaho. The family made the trip Tuesday to attend the wedding of another son, Timothy, whose marriage to Miss Edith Klassen took place Tuesday. The newlyweds will be at home in Glendale where the bridegroom is employed.

Three M's and Three B's Of Good Music This Week

The works of Franz Joseph Haydn appear to have priority clearance on the week-end air waves, but there are other excellent programs awaiting the listener; particularly the Iturbis, brother and sister, and the second in the Light Opera Festival series.

Thursday, August 14

Concert of Nations (KFI 7:30 to 8 p. m.) Choral music of Canadian composers and orchestral numbers from a string group.

Saturday, August 16

Saturday Concert (KECA 2 to 3 p. m.) First radio performance of Berezowsky's "Concerto for Cello and Orchestra" conducted by the composer. George Ricci soloist. Also Aaron Copeland's "Appalachian Spring Suite".

Sunday, August 17

Wings Over Jordan (KNX 7:05 to 7:30 a. m.) Choral group.

Salt Lake Tabernacle (KNX 7:30 to 8 a. m.) No advance on this, but usually outstanding and worth the loss of sleep.

James Melton (KFI 10:30 to 11 a. m.) Good voices in some Schubert, Ponchielli and light stuff.

CBS Symphony (KNX 11 a. m. to 12:30 p. m.) Bernard Herrmann conducts Haydn's "Surprise" Symphony in G Major; "Ishtar, Symphonic Variations" by B'Indy as well as works by Barbour, Delius and Aubert.

NBC Symphony (KFI 1 to 2 p. m.) Frank Black conducts more Haydn, this time the "Military" Symphony. Then the exquisite Debussy "Quartet for Strings." Ending with

the colorful Marche Slav of Tchaikovsky.

Family Hour (KNX 1 to 1:30 p. m.) Generally pleasant.

Alec Templeton (KFI 4 to 4:30 p. m.) Two soloists in a program of "summer fiction."

Sunday Evening Hour (KECA 5 to 6 p. m.)

Prelude for Strings (KECA 6:45 to 7 p. m.)

Standard Hour (KFI 7:30 to 8:30 p. m.) Jose Iturbi will conduct and Amparo Iturbi will be piano soloist in Liszt Concerto.

Monday, August 18

First Piano Quartet (KFI 6:30 to 7 p. m.) Some Beethoven, Chopin, De Falla, Mozart and Mendelssohn.

Blanche Thebom (KFI 8 to 8:30 p. m.) Mezzo-soprano in an aria from Verdi's "Don Carlo." Good orchestral works too.

Mona Paulée (KFI 8:30 to 9 p. m.) Another mezzo-soprano to sing semi-classicals.

Tuesday, August 19

Light Opera Festival (KECA 6:30 to 7:30 p. m.) Josef Stok conducts and excellent soloists present hits from operettas of past and present. This is second in series and highly entertaining for a warm evening.

LOCAL SINGER APPEARING IN "BITTERSWEET"

Phyllis Jean Lentz, daughter of Mr. and Mrs. Philip C. Lentz, 354 North Canyon drive, is now appearing in "Bittersweet", light opera, being produced at the Greek Theatre.

The young singer, who is in her last year at M.A.D., also is rehearsing for "The Desert Song" which will be presented during the season.

MADELINE LIFUR AND RAUL DE RAMIREZ, featured in the "Bells of San Gabriel", colorful play about Mission life in Old California, which will hold a special performance on Thursday, August 14th, for the Damon Runyon Memorial Hospital drive. Ramirez is also the producer of the romantic pageant which is held in Mission Bowl in San Gabriel. All receipts will be turned over to the cancer hospital drive.

San Gabriel "Bells" Ring This Evening

"Bells of San Gabriel", colorful and romantic play of Mission life during California's early days, will hold a special benefit performance this evening (Thursday).

Proceeds from the evening program will be turned over to the Cancer Hospital drive, which currently is seeking \$2,000,000 for the construction of the first such institution west of St. Louis.

Locale of the play, Mission Bowl, is a scenic outdoor amphitheatre in the heart of San Gabriel. The old walls, patios and gardens which surround the Bowl actually were the scene of the events, re-enacted in the play, that took place a century and a half ago.

The play begins at 8:15 p. m. and tickets may be obtained at the box office.

PASADENA PLAYHOUSE

Smashing finale to 13th Mid-summer Drama Festival at Pasadena Playhouse comes August 12 to 17 with David Belasco's sensational saga of the days of '49, "The Girl of the Golden West."

MEN'S SHOP OPENS WITH A FLOURISH AND LARGE STOCK

Complete with a bright green door, gay awning and a window of ties that go straight to a man's heart, Don Jackson has re-opened his Men's Shop at 18 West Sierra Madre Blvd.

In modern natural birch cabinets, Mr. Jackson has placed an increased stock in all categories of men's wear.

By the first of next year he plans expansion to double his floor space in order to carry a complete stock of middle-priced nationally advertised men's furnishings.

CARD OF THANKS

I wish to express my deep appreciation to friends for their many kindnesses during my recent illness.

Mrs. Anna Greivillot,

BALLING BABY TALK

By Maxine Balling

IF YOU HAVE SCHOOL CHILDREN IN YOUR FAMILY, take a little friendly tip and start buying their school clothes NOW, even though you'd rather wait until it's cooler. Cotton merchandise has been hard to get for a long time, and manufacturers say that prices just can't be anything but higher this fall. The Balling Baby Shop is getting in quite a few dresses every week, and we'll keep marking them 3.50 and 3.95 as long as we can, for we think that's about all a mother wants to pay for a school dress for a fast growing youngster. So far there are plenty of socks and underwear for both boys and girls.

AND BEFORE you traipse off to Los Angeles and spend a dollar and a half for carfare and lunch, or parking and lunch, and get your feet worn out, take a look around here in Monrovia. Within two, or three blocks you'll find everything you want, and friendly home-town folks to wait on you.

FREDDIE STECK was two years old last week. Mrs. Steck gave him a set of the new nested blocks from the Balling Baby Shop, and he hasn't let them alone since, except to eat and sleep, and then only under protest. The big block is about six inches square, then several others of graduated size fit inside. They can be piled up in a tall pyramid, or arranged in many interesting ways. The blocks are illustrated with cute chickens, pigs, cows and other animals. 1.50 for the set.

ANOTHER IDEA for children that DON'T go to school is the canvas swing on springs. It can be hung in a doorway, or on a clothes line. There are counter beads on a wire in front of the baby. So while you dust and do the dishes, he can bounce up and down or rattle the counting beads until you get your work done. 3.25.

LEGAL NOTICE

ORDINANCE NUMBER 465
AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CREATING A PEDESTRIAN CROSSWALK ON WOODLAND DRIVE, REQUIRING ALL VEHICULAR TRAFFIC TO STOP BEFORE ENTERING OR CROSSING SAME AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN AS FOLLOWS: SECTION 1: That during the summer months of each year, and particularly during the period of the year in which the City swimming pool and bath house is operated upon said real property located in the City of Sierra Madre, described as:

Lot C, of Tract No. 2456, Sheet 1, as per map thereof recorded in Book 24, Pages 36 and 37 of Maps, Records of Los Angeles County, California, pedestrians, including many small children, cross and re-cross that certain public street known as WOODLAND DRIVE, which street is located adjacent to said City swimming pool and bath house, and as unusual danger and hazard arises out of the vehicular traffic upon said public street to such pedestrians, this Ordinance is urgently needed for the immediate preservation of the public peace, health and safety; therefore, the immediate passage of this Ordinance is required.

SECTION 2: The Chief of Police is hereby authorized and required immediately to establish and to maintain during the summer months, while said City swimming pool and bath house is in operation, and to designate upon the surface of the public street known as WOODLAND DRIVE, by appropriate devices, marks or white lines, a PEDESTRIAN CROSSWALK twelve (12) feet in width, marked upon such public street; and to place and maintain, or cause to be placed and maintained at the approaches of said pedestrian crosswalk, and at or near the property line of WOODLAND DRIVE, appropriate signs, devices or marks bearing the word "STOP" or the words "PEDESTRIAN STOP", in such position and with letters of a size to be clearly legible along said street a distance of fifty (50) feet from the location of said signs or devices.

SECTION 3: It shall be unlawful for the operator of any vehicle to drive into or across such pedestrian crosswalk without first bringing such vehicle to a full stop immediately prior to entering such pedestrian crosswalk.

Any person violating any of the provisions of this Ordinance shall be guilty of a misdemeanor, or upon conviction thereof shall be punishable by a fine of not to exceed Fifty Dollars (\$50.00), or by imprisonment in the City Jail for not more than five (5) days, or by both such fine and imprisonment.

The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper published and circu-

C. W. WALKERS TO BUILD LARGE HOME ON ORANGE GROVE

Permit to build a \$35,000 residence at 289 West Orange Grove, was issued Saturday to Mr. and Mrs. Charles W. Walker.

The house, which is to contain 1700 square feet, will be constructed of brick and plaster according to Building Inspector William Lees. Two guest houses already are on the property which occupies the corner of Sunnyside and Orange Grove.

Mr. and Mrs. Walker are Indians and have wintered here for several years at their home on Manzanita.

Monrovia May Burn For Another Year, Supervisors Say

Burning operations at Monrovia's city dump will continue for another year before the fires must be extinguished under official county edict.

The Board of Supervisors decided last week that the dump in the abandoned gravel quarry at the southeast corner of Peck Road and the Arrow Highway is a strong smog contributor.

However, because there is no other location now available for Monrovia, Arcadia and, occasionally, Sierra Madre to dispose of public rubbish, the year's extension was granted.

lating in the City of Sierra Madre, and thereafter the same shall take effect and be in full force.

The foregoing Ordinance was adopted at a regular meeting of the City Council of said City of Sierra Madre, held on the 22nd day of July, 1947, by the affirmative vote of at least four Councilmen, to-wit:

AYES: Councilmen Jackson, Schiltz, Froehlich, and Steinberger.

NOES: None.

ABSENT: Councilman Nuetzel and was signed and approved this 22nd day of July, 1947.

J. M. Steinberger,
Mayor

ATTEST:
Lawrence B. Brain,
City Clerk.

FIRE FLAMES

The loyalty and interest of the firemen of Sierra Madre was again proven last Friday when all who were not away on vacation, or working, appeared for the semi-monthly drill and meetin'. Being aware that at this season, fire in the brush area is possible and likely, the men tested the fire plugs located in the area closest to the hazardous weeds and brush. Few know that far up along the Mt. Wilson trail, there is a fire plug. This plug is so attached that our large pumps are capable of forcing water high up the mountainside. Expert driving is essential to locate the trucks close to the high fire plugs and Charlie Brown, as the driver, deserves much praise for the manner in which he brought the truck to position.

During this visit to the danger area, the firemen learned that the brush is more inflammable than that of. Our escape from the fire will be little more than miraculous and can only be prevented by extreme carelessness and constant vigil.

It is not necessary to frighten folks. They can readily understand that to burn the brush means much valuable water will escape during the rains. If it has been found that a nearby resident is careless or unaware of danger, the fire department will greatly appreciate notice of such. The firemen will try to remedy the situation without causing ill feeling. It is only through this valuable co-operation that we have been so successful.

We cannot allow ourselves to forget that the cause of many fires is that flying ember that leaves an outdoor fire or escapes thru' a chimney that is not properly screened. PLEASE WATCH OUT FOR THESE DANGERS.

A large attendance at the meetin' was cause for much noise and plenty of discussion and the Chief imposed many fines for violations, interrupt-

tions and the wrong words at the wrong time. Most of the fines fell on the men in the "out of order" corner, led by Dick Hawks. Assisting him were Jimmie Tyler, Bob Clarke, Mercer Duff and Ray Penn.

Plans were laid for the entertainment of the SGVFA in Sierra Madre this evening. Our good friend Carl Hansen and his crew of men have again given us permission to use their garage for the event. This is for visiting firemen and many will be here from all parts of the Valley. It is expected that the meetin' will be short and to the point, after which the local firemen have planned a Dutch Lunch. Joe Swanson has charge of the preparation of this part of the program. Don Miller has agreed to help firemen entertain and will show visitors what talent we have here.

This will be the last meetin' of the organization before the annual State Firemen's Convention to be held up north this

year in the latter part of September. The usual delegation is laying plans to attend, perhaps by going via Baltimore, Maryland, or Chicago, Illinois. At any rate they will find some excuse to be on the road a long time. And while we wait to hear from these wanderers, let's ease their minds by vowing that we will be careful while they are away. We won't drop a lighted cigarette; allow sparks to escape thru' the air; burn out of hours; let our yards get cluttered with inflammables; use pennies for fuses or smoke in bed. If we keep these promises it will eliminate many causes of fire, and it will aid in keeping the FIRES OUT.
